

Faster

Words and music by Jenica Rayne © 2007

we're lost and found
in Mexico
i got your back girl
she said as we go
hitchin' a ride
down a bumpy road,
i've got the wind in my face
the sun on my back and
we're laughing our brains out

screaming faster
give us some air
can you drive faster
give us some air
because it's stinkin' hot
in the back of this pick-up truck

through Puerto Morelos
Los Limones too
we're headed south to Bacalar
yea that's where I'll meet you
for happy hour
that's where i wanna be
the bartender's a lucky guy
he says it's five for free

screaming faster
give us some air
can you drive faster
give us some air
because it's stinkin' hot
in the back of this pick-up truck
ah ...

Laguna Azul
Mis Casa too
they're both on the lake of seven colours
where you can tune into your dreams
go to extremes
you know your life is so divine

when you can celebrate it all the time.

so drive faster
give us some air
can you drive faster
give us some air
because it's stinkin' hot
in the back of this pick-up truck

it's stinkin' hot
in the back of this pick-up truck
