

Upon Your Naked Bed

Words and music by Jenica Rayne © 2014

you say
you've been lying
to yourself
as you hold back
the tears
you wanna believe
in love
is it not beyond repair

a torn heart
a broken word
there are things left
unsaid
the morning light
it shines empty
upon your naked bed

you don't wanna
be the only one crying
you don't wanna
be the only one in tears
you're not the only one
but where do you go from here?
where do you go from here?

you've been travelling
a lonesome road
supposed to be together
yet you're so alone
years living like this
strangers
you coexist

you can't be the only one
who feels estranged
you're not the only one
desperate for change
you're not the only one
where do you go from here?
where do you go from here?

where do you go?
where do you go?

where do you go
when you close your eyes?
is the truth encased in lies?
the wall you built
to save your soul
can't hold you anymore
can't hold you anymore

a torn heart
a broken word
there are things left
unsaid
the morning light
it shines empty
upon your naked bed
upon your naked bed
